WAK-IGH-AN

Principal
J.C. Hawkins

Dear Students,

As we come to the close of the school year, I hope that each of you will stop and think of what this year has meant to you. Can you say, "I have done my best to help prepare myself for the future." I hope that each of you has learned to assume personal responsibility for your conduct and achievements. If you have done this, you have accomplished much toward being ready for life ahead. It has been a pleasure working with you and the faculty this school year. Let's strive harder to make Wakelon the kind of school we want it to be.
